PROFILE

- Experienced Software Engineer with expertise in backend development seeking a position as a Backend Developer with a focus on Node.js. Skilled in various programming languages including JavaScript, and TypeScript along with database management using RDBMS(MySQL). Proficient in web development, particularly RESTful APIs and MVC architecture. Strong problem-solving skills with a background in algorithmic thinking.

TECHNICAL SKILLS

Proficient:

- JavaScript, TypeScript, Node js, Express js, MySQL, Sequelize-ORM and Git.

Familiar:

- HTML, CSS, React Js.

SOFT SKILLS

- Team Work | Communication | Decision Making | Problem Solver.

PROFESSIONAL EXPERIENCE

Software Engineer, Shyam Steel Industries Limited - June 2022 -Present / Kolkata

Project Name- Buildistan

Technologies Used: JavaScript, Typescript, NodeJS, Express js, MySQL, Sequelize, and React. js.

- Worked** as a Backend Developer for designing and developing **Backend APIs**.
- Utilized **asynchronous programming** to improve performance and scalability of Applications.
- Implemented various security measures such as **encryption, authentication & and authorization**.
- Implemented **pagination** features in the backend API to show a listing of the Product in the frontend.
- Optimized API's & SQL query** to improve database performance & **reduce query execution** time by 10-15%.
- Designed** and implemented an **RDBMS Schema** for efficient data storage and retrieval.
- Implemented **Sequelize ORM** to improve **database security** and to prevent the database from **SQL Injection Attacks**.

Projects

❖ E-Commerce Dashboard

GitHub: github.com/himpan1998/Ecommerce_DashBoard

- Implemented** Features at two levels: User Level & and Product Level.
- User Level- **User Sign Up, Login, Logout, Profile**
- Product Level- Dashboard for Managing Product:
Product Listing, Add Product, Delete Product, Update Product, Search/Filter Product.
- Implemented security measures **encryption, authentication & and authorization** to protect user data.
- Learnt **JWT Web Token, Bcrypt & and Password Hashing**.
- Learnt the use of **local Storage, JSON, State Management, and Fetch API**.
- Backend:** JavaScript, NodeJS, Express js, MongoDB.
- Frontend:** HTML, CSS, React, React-Router-Dom.

EDUCATION

M.TECH In Operations Research

National Institute of Technology-Durgapur

2020-2022 | Durgapur, W.B 8.24 CGPA

B. TECH In Textile Engineering

Uttar Pradesh Textile Technology Institute-Kanpur

2016-2020 | Kanpur, U.P 7.94 CGPA

ACADEMIC ACHIEVEMENTS & HONOUR

GATE AIR -100 (03/2020)

- Received Financial Assistantship in post-graduate programs by the Ministry of Human Resource Development & UGC amount of 12.4k per month for the Academic year 2020-2022.

IOCL SCHOLARSHIP (2013-2015)

- Got Indian Oil Merit-Cum-Means Scholarship awarded by Indian Oil Cooperation Limited amount of 1k per month for the Academic year 2013-2015.
